

# Redox Practice

## (Balancing Redox)

1. Consider the following redox equation:  $\text{CO} + \text{I}_2\text{O}_5 \rightarrow \text{I}_2 + \text{CO}_2$

Write a balanced equation for each of the following: (4 marks)

- oxidation half-reaction.
- reduction half-reaction.
- redox equation.

2. Balance the following redox equation:

(4 marks)

3. Balance the following redox reaction in basic solution.

(5 marks)

A hard one:

4.

In an unusual compound,  $\text{IPO}_4$ , iodine exists as Iodine(III). The compound decomposes as follows:

Balance this redox equation in acidic solution.

(4 marks)
